Welcome to

Helping others for over 20 years.

Evergreen Insurance Services is part of Surrey Independent Advisors, who have been providing insurance services for both individuals and businesses for over 20 years.

However Evergreen is a story about a personal mission and real passion.

David Gardiner, the driving force behind Evergreen, has a love of the natural world and the idea of Evergreen germinated one day when he took his ideas for the creation of ethical products to Colin Duxberry and Chris Browne the directors of Surrey Independent Advisors, while he was seeking a new management role in the business.

He told them about his concept for his brand and they immediately bought into the concept.

All three of them wanted to grow a business with transparency, honesty and integrity. They believe that business should not be all about the 'bottom line' and that they felt that they should do more.

How it works

Three easy steps to getting insurance and helping the natural world

How it works

Step 1

Get a quote by calling one of our advisors on 01376 574 410 or by requesting a quote from our enquiry form on our website.

Step 2

Arrange your insurance with Evergreen and get great value insurance every time.

Step 3

We will donate up to 25% of our income back to a nominated charity at no extra cost to you.

How it works

1. Your premium
paid for your
chosen product

2. Your commission
received for your
new policy

% break down

Year 1

our commissions

Award winning Insurance

Winners of 'Most Ethical Insurance Provider' at the Global Corporate Livewire Awards and the SME Most Ethical Business Award 2020.

Testimonial

This company deserves all our praise. They are a relatively new and growing company with ethics at its heart and a firm commitment to wildlife conservation. We were chosen as one of their partners which means that customers taking out insurance policies with them can choose LionAid as one of their wildlife partners to receive a percentage of Evergreen's commission on the policy that has been taken out.

Like clockwork, every quarter a very welcome cheque pops through our letterbox from Evergreen - our share of commissions earned by Evergreen where LionAid was chosen as the beneficiary charity.

On a personal level, I can also recommend Evergreen, as I have become one of their customers and have found them to be very efficient and caring in their approach - and providing very competitive quotes. And they are on hand to help and support when I've needed to claim.

So another big thank you for the latest cheque and I hope you continue to go from strength to strength. We have not come across that many companies who put their money where their mouth is when it comes to supporting wildlife conservation. This company does!!!

Lion Conservation & Education Charity

Director Statement

Our aim is deliver first class personal service, the right advice on insurance needs whilst helping to support our natural world. Nature and wildlife needs our help, from bugs to bee's, butterflies to hedgehogs, UK and global species under threat such as Lions we want to help, every policy arranged through us secures another donation to help support.

Our products

There are a range of different types of insurance that we can offer, whether this be personal or commercial insurance.

We offer a range of business insurances such as liability, cafe, office, property, and fleet. Please see the range of business insurance we offer on our website.

We also offer personal insurance which can cover you for a number of things for example; cars including classic, modified 4x4s, Camper van, Home, Gadgets or Pets. The complete range of products can be found on our website.

Our partners

Evergreen has partnered with a number of nature, wildlife, animal and conservation charities to assist members and supporters with their insurance needs, from home, car, travel, life and pet through to liabilities, motor fleet, construction businesses, agriculture, charities, social enterprises, property and employee benefits.

Our ethos is about giving back and we are delighted to be able to help support such fantastic charities all of whom work tirelessly to help protect our natural world. So for every policy arranged through Evergreen we make a donation back to help support their vital work. We have also partnered with some like-minded businesses and are building a network of companies with whom we are working with to help raise further donations to our charity partners.

What our friends have to say...

BUTTERFLY CONSERVATION

We are delighted to be working in partnership with Evergreen, we feel this is a great way for our supporters to be able to raise funds to protect butterflies, moths and the environment, at no extra cost to them. These funds can make such a difference, £10 could cover the cost of up to 20 caterpillar food plants for some of our most threatened butterflies and moths. Some of our most endangered species, like the Heath Fritillary, are showing signs of recovery thanks to our work. But there is so much more we need to do.

BUGLIFE

Bug life are delighted to team up with Evergreen and will be using our donations from policies to help ensure the continuation of pollination, a service that is worth over half a billion pounds per annum to the UK farming economy. Since the Second World War 97%, over 3 million hectares (1.5 times the size of Wales) of wildflower-rich grasslands on which pollinators are dependent have been lost across the UK. Use your insurance to ensure life on earth. Every 20p Bug life receives can buy seed to sow a square metre of meadow essential for pollinator survival.

CUAN WILDLIFE RESCUE

We are so pleased to be one of the charities that evergreen insurance is supporting, it is so hard to raise funds these days so any small amount goes a long way! it's an amazing idea, insurance is something we all need so why not buy it and help the wildlife of our beautiful planet at the same time!.

What we have **achieved**

The donations generated from the policies you take out with Evergreen go to a range of great causes. When you specify the charity you would like to receive a donation, you may like to know where that money is spent. Every charity that we partner with works tirelessly to help make the natural world a better place.

To date, Evergreen has donated tens of thousands of pounds to various charities. There are other insurance companies that give a small percentage of their profits to good causes but will like to go the extra mile and give up to 25% of our commission to these incredible charities.

Your support has enabled us to make valuable contributions to many great causes. To give you an idea of where it goes, here is a sample....

- Lionaid for their campaign to end trophy hunting and ban the import of Lion Trophies to the UK and EU Countries.
- Wiltshire Wildlife Trust to enable the creation and restoration of vital wildlife habitats across Wiltshire for wildlife to thrive and people to enjoy.
- PlayforStrays to enable to the donation of toys and other items to any no-kill animal shelter.
- Viva! And The Vegetarian Society to run campaigns which highlight those companies who are mistreating animals whilst simultaneously promoting the benefits of vegan and vegetarian lifestyles.
- Bumblebee Conservation Trust to run projects such as Saving Scotland's Bumblebees

Achievements

Where donations go

Price breakdown

£3
